### **An Incredible Testimony of Deliverance**

---

Jeff Snyder and his wife, Angelika, have been happily married for 3 years. With a profound understanding of battling addiction and mental health issues, they have a testimony of God's DIVINE INTERVENTION and what it means to be completely delivered and set free from the sins that once had their lives shackled and in turmoil.

Jeff will share his incredible testimony of complete deliverance and how God has transformed their lives.

Jeff says: "I will never forget who I was or where he found me." Today they walk in complete freedom and boldly declare the clarion call to those currently struggling – OUR GOD STILL PERFORMS MIRACLES! They know this is just the beginning of their new life and are so excited to see how God will use their story to impact others. **Mark your calendars NOW for this amazing testimony of God's deliverance!** You will be blessed.
